Career Summary

Experienced WordPress Developer with a proven track record of building CMS websites using industry-standard plugins. With over 3 years of programming experience in CSS and JavaScript, I am proficient in utilizing WordPress functions and creating custom post types and widgets that conform to WordPress coding standards. Additionally, I have 2 years of functional experience in designing and managing business websites using WordPress creation tools. I excel in creating visually appealing and user-friendly websites that meet clients' expectations in agile environments.
