asami6596@gmail.com

Cairo - Damietta Governorate

## Work Experience

- PNU Now-2023 :
  - Co-founded and served as a key member of a team that developed a web application for learning the Arabic language for non-native speakers using React.
  - Continuously improved and expanded the application's features, contributing to its success.
- Freelance Projects :
  - Independently completed multiple freelance projects, showcasing my problem-solving skills and attention to detail.
  - Demonstrated versatility by working on a wide range of projects, including :
    1. Developed an HR system using Vue.js, which remains under active development.
    2. Successfully integrated API services to enhance the functionality of various projects.
    3. Contributed to the development of a Vue.js application for the efficient distribution of maintenance companies.
    4. Designed and implemented a miniature model of a testing system for students.
    5. Developed several single-page applications with real-time database functionality, ensuring smooth and responsive user experiences.
