ABOUT

Highly focused IT Support Engineer as well as diverse in skills pertaining both software and hardware skills. Navigated from R&D roots in PCB and 3D design, currently learning new skills such as building user-friendly web experiences through front-end development and various web projects. Hardware to web, I bridge the gap, bringing concepts to life.

EXPERIENCE

12/2022 – Current **IT Support** **RedMango Analytics Pvt. Ltd., Delhi**
Demonstrated a remarkable breadth of technical skill and experience, transitioning seamlessly from the physical intricacies of R&D to the digital world of web development. My journey began in the R&D department, where I honed my skills in: • PCB Design, • 3D Design
• Crafted User Interfaces: Building the interactive faces of websites and web applications, ensuring a seamless and intuitive user experience. Bringing digital initiatives to fruition, potentially encompassing various functionalities like data visualization, user authentication, or dynamic content delivery using the concepts of HTML, CSS, Bootstrap, Javascript and ReactJS.

CERTIFICATIONS

- **Altium Designer Certificate** – Certified Udemy PCB Designing.
- **Front-end Developer Certificate** – Certified Udemy web Designing.
- **Electric Transmission and Distribution Certificate** – 4 weeks industrial training at Uttar Pradesh Jal Vidut Nigam Ltd., Sonbhadra under Electric Generation .

TECHNICAL TRAINING

Front-end Developer

- HTML Basic and Fundamentals with implementation.
- CSS Styling, Designing and SCSS Concepts with implementation.
