Application for the position at Your Company as advertised.

Dear sir,

I am writing to express my sincere interest in the position at Your Company as advertised. With a solid educational background and a wealth of practical experience, I am confident in my ability to bring a unique blend of technical skills and creative problem-solving to your esteemed team.

In my previous role at Alfa Consultant, I served as a Civil Engineer /Civil Consultant / Architectural Planner, contributing to various projects and gaining expertise in both Civil Engineering and Architectural Planning. As a Civil Consultant My Responsibilities included Lineout, Site Visit, Checking, Estimate, Billing, etc. As a Architectural Planner My Responsibilities include creating Presentation Drawings, Section & Electric Drawings. Include creating 3D Elevation in 3DS MAX with VRAY rendering,

I am adept at utilizing industry-standard tools such as AutoCAD for precise drawings and MS Excel, MS Word, for effective project management.

In my recent learning journey, I have acquired comprehensive skills in both Frontend and Backend development, . My experience includes creating responsive and visually appealing websites, as well as developing robust server-side applications.

My dedication to clean and efficient code, coupled with a keen eye for design, allows me to deliver high-quality and user-friendly web solutions.

What sets me apart is my commitment to delivering projects on time and within budget while ensuring the highest standards of quality and compliance with regulatory requirements. My keen eye for detail and innovative approach to problem-solving have been key factors in my success in delivering successful projects.

I am confident that my background aligns well with the requirements of the position, and I am eager to contribute to the continued success of your team.

I have attached my resume for your review, which provides further details about my professional background. I would welcome the opportunity to discuss in more detail how my skills and experiences make me a strong candidate for this position.

Thank you for considering my application. I look forward to the possibility of discussing how my qualifications align with the needs of Your Company.

Sincerely,

ASIFIQBAL SHAIKH

CIVIL ENGINEER / ARCHITECTURAL PLANNER / FULL STACK WEB DEVELOPER

❖ **SHAHIL ENGINEER**

(Full-time, Aug 2011 - Aug 2016)

At SHAHIL ENGINEER, I held the position of a Civil Engineer in Bharuch, contributing my expertise to various projects.

❖ **Architecture Elevation and Animation Freelancer**

(Part-time, Dec 2003 - Dec 2016)

During this period, I undertook freelance work specializing in Architecture Elevation and Animation using "VOKE THRU" in 3DS MAX. I also engaged in AutoCAD planning and 3D work from the comfort of my home.

❖ **SHAHIL ENGINEER**

(Full-time, Dec 2003-Aug 2011)

My role at SHAHIL ENGINEER involved Architecture planning, Elevation, and Animation using "VOKE THRU" in 3DS MAX. I also actively participated in AutoCAD planning and 3D work.

❖ **N.C.V.T.- (L.A.C.P.) LABORATORY ASSISTANT CHEMICAL PLANT**

(Full-time, 2000)

As a Laboratory Assistant at N.C.V.T. "**WOCKHARDT Pvt Ltd**". in ANKLESHWAR, I played a crucial role in supporting the daily operations of the chemical plant. My responsibilities included:

Chemical Analysis and Testing: Conducting various chemical tests and analyses to ensure the quality and compliance of raw materials, intermediate products, and finished goods.

Equipment Operation: Operating and maintaining laboratory equipment, ensuring accuracy and precision in measurements.

Data Recording and Reporting: Accurately documenting test results and maintaining comprehensive records. Generating reports to communicate findings to relevant stakeholders.

Safety Compliance: Adhering to strict safety protocols and guidelines to create a secure working environment. Participating in regular safety audits and training sessions.

Collaboration: Working closely with a multidisciplinary team, including chemists, engineers, and production personnel, to ensure seamless coordination in the manufacturing process.

Quality Control: Contributing to quality control processes by identifying deviations from standards and recommending corrective actions.

My tenure at N. C.V.T. "**WOCKHARDT Pvt Ltd**". has not only enhanced my technical skills in chemical analysis but has also provided me with valuable insights into the intricacies of chemical plant operations. I am confident that my experience in a dynamic and demanding environment has equipped me with the expertise needed to excel in challenging situations.
