ABOUT ME

Multi-talented IT Expert with 20+ years of experience in web development, and IT administration. Detail-oriented, proficient, and service-driven professional with extensive experience in website design and development, mobile and desktop application development, and IT infrastructure management. Proven ability to lead end-to-end software development projects, from concept to delivery.

AICF – All India Chess Federation – Web Developer (2001–2005)
Worked as the Webmaster for *chessindia.org* (now offline; media reports available regarding contributions). Responsible for designing and developing websites for Federation events.

Channel Softech, Bangalore – Web Developer (2005–2006)
Worked as a Web Developer at Channel Softech Pvt. Ltd., focusing on PHP, ZenCart, and ASP-based projects.

e-Softex IT Solutions, Bangalore – Web Developer (2006–2011)
Served as a Web Developer at E-Softex Pvt. Ltd., working with ASP, VB.NET, and PHP technologies.

AiN Technologies, KSA/India – Web Developer (2012–2014)
Worked as a Web Developer at AiN Technologies, a leading software development company based in Riyadh, Saudi Arabia.

Mesdaqiyah Technologies, Riyadh – Web & Mobile App Developer (2014–2017)
Developed web and mobile applications. Also handled IT administration, software development, social media marketing, and digital campaigns.

Opal Najd Medical Group – IT Administrator & Developer (2017–2023)
Developed web-based Clinic Management and Booking systems. Managed clinic servers, created social media content, and led SEO and digital marketing initiatives.
Also developed warehouse and inventory management systems. Designed and managed the website for *Al Maamoura Trading Co.*, a subsidiary of Opal Najd Co.

MILA Gulf Medical Company – IT Admin & Hybrid App Developer (2023–2024)
Currently developing mobile applications using Flutter with a Laravel + MySQL backend for products like *CareFinder App* and *BizFinder B2B App*. Responsible for server administration, IP telephony, network maintenance, and graphic design for social media.

Afaq Infotech, Riyadh – Web Developer (2025 – Present)
Developing modules for CRM and Hospital Management Systems (HMS), with a focus on ZATCA-enabled QR code generation and integration of laboratory machines with the HMS.

...jin Ilya and ...t difficult to ...glish. Pablo

Lafuente and Leandro Perdoma from Argentina were busy planning their trips to the historical places in Kochi.

Keralites K.P.Shihabuddin and M.P.Bhagath are in charge of the Internet live coverage of the chess matches to be held at Casino. Earlier, in the World Cup chess in Delhi in 2000 and World Cup in Hyderabad (2002), the job was done by the Russians. "Indians took over the work at the World Junior Championships at Goa (World Junior in 2002)," says Shihabuddin.

"Apart from telecasting all the matches on the Internet, the top 20 boards will be available at the common screen also, he said. The telecast team is busy preparing the identity cards with the on-the-spot photos of the chess stars arriving here.

Live commentaries a big hit

By T A Ameerudheen

Kozhikode, Nov 15: The ongoing National Women 'A' Chess Championship has a rare first to its credit that will be etched in the annals of Indian chess history.

For, the All India Chess Federation (AICF) has been successfully providing live commentaries of all the games through http://www.live.chessindia.org, the sub domain of the official AICF website.

And the response was tremendous. On the first day of the championship, around 3 lakh chess lovers across the world visited the

secretary P T Ummer Koya.

Live transmission of games through the Internet began during the Hyderabad edition of the World Cup in 2002. "At that time, Russian experts supervised the technical side.

"The AICF had spent huge amounts to meet their daily expenses.

"Later, Chess India Commerce team learnt the tricks of the trade and our team was able to live Internet coverage of the World Junior Chess Championships held in Goa in December 2002," said Ummer Koya.

"From then onwards, live transmissions have been a routine affair in all championships, including the last National 'A' (Mumbai), Asian Team Chess Championship (Jodhpur) and the Asian Women's Chess Champi...

Players arrive holding pieces close to their chess

Express News Service
Kochi, Nov 17

All the foreign players who arrived for the Junior World Cup chess in Kochi on Wednesday are eagerly looking forward to cruise in the backwaters on houseboats and relish the natural beauty of the land, thanks to the efforts of the Tourism Department in promoting the State's image in foreign countries.

Elisabeth Paehtz, the champion at the World under-18 championship in Greece (2002), is all praise for Kochi but dislikes the traffic and hot climate. "Indian culture is popular in Germany. India also has some wonderful chess players," she said.

Seeded second here for the world

championship, Elisabeth rated the championship as tough. "I feel Humpy (Koneru) holds a good chance in the boys event," she said.

Chinese players Zhang Jilin and Zheo Jun wanted to see the sea. When told that the Kochi port was nearby, they decided to take a walk in the evening. Arlette van Weersel and Marlies Bensdorp of the Netherlands are in Kerala for the first time. This is their first ever World Championship.

But their compatriots G.M.Jan Smeets and Ervin L'Ami had played at the World Junior Championships before. "We have tasted Indian food and found it to be very spicy," said Ervin and Arlette.

Russian players Iljin Ilya and Birukov Oleg found it difficult to communicate in English. Pablo

Lafuente and Leandro Perdoma from Argentina were busy planning their trips to the historical places in Kochi.

Keralites K.P.Shihabuddin and M.P.Bhagath are in charge of the Internet live coverage of the chess matches to be held at Casino. Earlier, in the World Cup chess in Delhi in 2000 and World Cup in Hyderabad (2002), the job was done by the Russians. "Indians took over the work at the World Junior Championships at Goa (World Junior in 2002)," says Shihabuddin.

"Apart from telecasting all the matches on the Internet, the top 20 boards will be available at the common screen also, he said. The telecast team is busy preparing the identity cards with the on-the-spot photos of the chess stars arriving here.

Search engine marketing (SEM) Search Engine Marketing(SMM)

The ad auction process takes place every single time someone enters a search query into Google. To be entered into the ad auction, advertisers identify keywords they want to bid on, and state how much they are willing to spend (per click) to have their ads appear alongside results relating to those keywords.
